

Attachment 8

Notional IPT Structure

It is anticipated that the GSTAMIDS FCS contractor will participate on LSI IPTs to support the development of the GSTAMIDS FCS. The following notional IPTs are provided for information purposes. Internal IPT structure should be based on the Offeror's design and approach.

- System Engineering & Integration
- C4ISR-Sensors
- C4ISR-Network Communication
- MULE
- OAV
- Lethality
- Autonomous Navigation System
- Supportability
- System of System Integration Lab (SoSIL)
- Training
- Testing
